living God's Commandments

With Reverend Bill Serr

SATURDAY

4

OCTOBER

9AM - 3PM

Living God's Commandments As God's children, we are given the 10 Commandments, which are impossible to keep without His Holy Spirit. Ten blessings, keep them and life is pretty good. When we sin, we fall short and when we break of one of the commandments, we actually end up breaking others. How does the breaking of any of the commandments actually break the first? How do the commandments affect our lives and the lives of our neighbors? Why do we study them in the Small Catechism and what does this mean? Faith is based on God's word and promises. With these promises, Pastor Bill Serr will teach, remind, and show how important the commandments are and break down how and why we study them as Lutherans in the Small Catechism.
